

TRAVEL SAFE

While the world has changed, your health and safety remain our biggest priority. A worry-free experience for our guests is very important to us, and with a few changes and new protocols, you can continue to enjoy peace-of-mind while traveling. The following pillars address our guidelines to provide a safe and clean environment for you and our team.

WE'RE IN THIS TOGETHER

Along with introducing enhanced protocols to keep everyone safe, we ask that you take personal responsibility for your health. This begins with packing any personal protective equipment and hygiene supplies you may need, including your own reusable face masks to use throughout the tour. Please follow physical distancing and hygiene guidelines before departure, and follow all health instructions including local signage and requests from your Tour Director while on tour.

You can observe suggested safety precautions by following [CDC guidelines](#).

- **Wash your hands often**
- **Avoid close contact**
- **Cover your mouth and nose with a cloth face cover when around others**
- **Cover coughs and sneezes**
- **Clean and disinfect**
- **Monitor your health**

GUEST AND TEAM MEMBER HEALTH

We ask that you follow CDC guidelines prior to your trip, including staying home if you feel ill. Please monitor your health throughout your tour, and notify your Tour Director immediately if you feel unwell. Our Tour Directors and motor coach suppliers have agreed to temperature checks and to monitor their own health prior to departure.

We will keep you up to date with any additional pre-departure partner requirements and have provided links to partner websites so you can monitor the latest updates.

RESPONSIBLE SOCIAL DISTANCING

Tour groups will be sized based on local government distancing requirements. We work closely with our partners to ensure adequate physical distancing on motor coaches and cruises, and during meals, experiences, and sightseeing. You may be rotated in smaller sub-groups when necessary. You may also be requested to wear masks when required or where proper social distancing cannot be maintained.

INCREASED CLEANLINESS & SANITATION

Our third-party suppliers including airlines, hotels, motor coaches, and cruise lines have stated that they are implementing enhanced cleaning procedures. Additionally, your Tour Director will have an emergency supply of face masks, hand sanitizer and cleaning supplies to supplement should the need arise.

ENHANCED TOUR DIRECTOR TRAINING

We have increased our levels of training for Tour Directors. They will be thoroughly trained on all our new health and safety policies. Tour Directors will monitor the hygiene practices of our guests, reacting and advising as needed for the continued safety of everyone.
